

a plan for school improvement

BOYLE STREET EDUCATION CENTRE

why focus on improvement?

When we do our best, they can do their best.

core processes

- establishing mission, vision, and values that everyone buys into.
- using data for better decision making.
- using school improvement planning to guide goals, strategies, and action steps to create a working plan for the school.
- professional development = engine of improvement.
- empower staff to be supervisors of their own progress.

pillars for improvement

- 1) transparent technological infusion
- 2) active and differentiated teaching strategies that support individualized activity
- 3) space arranged to support engagement
- 4) constant and ongoing PD
